AL 4281

IP68 WALLWASHER LED LIGHTING

Garden Lighting › Wallwasher LED Lighting

NEW PRODUCT

The AL 4281 is a 6 LED wallwasher for façades, garden walls, trees and water features. Its thermal resin body carries the heat away from the power LEDs for a long service life, and the polished AISI 316L stainless steel frame and reflector resist rain, irrigation water and the sun. With its IP68 waterproof rating it can be used outdoors in every season; for pools and fountains choose the underwater version AL 4281-H. The AL 4285 (220 V) can be mounted both on walls and in the ground.
